4) The Main Risks of Investing in the Fund

- a. The Fund is suitable for an investor who seeks simple capital appreciation with relatively low risks. Given the nature of the Fund's investments, the value of its investments and income are likely to be volatile and, as a result, the Unit price may rise or fall.
- b. Past performance of the Fund or past performance of the benchmark is not an indicator of the future performance of the Fund.
- c. The Fund does not guarantee that its absolute performance or its performance relative to the Benchmark will be repeated or similar to any past performance.
- d. Investment in the Fund is not equivalent to making a deposit with a bank.
- e. Investors are hereby at risk that they may lose some or all of the money they invest in the Fund. Furthermore, Investor's investments in the Fund shall not constitute guaranteed liabilities of the Fund Manager or any affiliate or subsidiary, but shall be subject to the below mentioned investment risks. The Fund Manager shall not be liable for any claim(s) whatsoever, for any lost opportunity or any actual loss that may be incurred by the Investor, except in case of the willful default or gross negligence of the Fund Manager, subject always to the risks set out in these Terms and Conditions.
- f. The main risks of investment in the Fund include:
 - 1. **Value Added Tax Risk:** Investment in the Fund is subject to tax related risks, which could have an effect on the Fund's liquidity resulting in the reduction of the Fund's assets as well as the Fund's investment returns. These effects may cause a negative impact on the Unit price, Fund's performance and its NAV. Therefore, potential investors must obtain the relevant consultation in respect of the applicable taxations for acquiring or selling Units in the Fund.
 - 2. **Natural Disasters Risk:** Financial markets and investment sectors are affected by natural disasters that may result in price decreases, which may negatively affect the performance of the Fund and thus may have a negative impact on the Fund's NAV and the Unit price.
 - 3. **Conflicts of Interest Risk:** If there is a conflict of interest with the Fund Manager then this may affect the objectivity and independence of the Fund Manager's decisions, which may negatively affect the Fund's performance and thus may have a negative impact on the Fund's NAV and the Unit price.
 - 4. **Relying on the Fund Manager's Staff Risk:** The Fund Manager relies on its specialist team in order to manage the Fund, and therefore the Fund may be adversely affected by the loss of executives and employees associated. In such circumstances, it may be difficult to find replacement staff with the

requisite level of experience and expertise and this may negatively affect the performance of the Fund and thus may have a negative impact on the Fund's NAV and the Unit price.

5. **Risk relating to the Issuer:** The risk arises from the exposure to changes in the underlying financial conditions of the issuer due to changes in management, demand or products and services. This risk may also include situations where the issuer undergoes legal actions because of irregularities it commits, which may lead to the devaluation of its shares, and thus may negatively affect the performance of the Fund and thus may have a negative impact on the Fund's NAV and the Unit price.
6. **Exposure to Changes in Legislations:** When investing in stock markets, there are risks related to changes in legislation enacted by different authorities related to financial markets, which could result in sharp fluctuation in prices. This may negatively affect the performance of the Fund and thus may have a negative impact on the Fund's NAV and the Unit price.
7. **Investment Strategy Risk:** The Fund Manager does not make any representations, or offer any guarantee, that the Fund's investment strategies will achieve its purposes. As such, failing to achieve such purposes may negatively affect the Fund's NAV and thus may have a negative impact on the Fund's NAV and the Unit price.
8. **Risks of Investing in other investment funds:** There are risks that may affect other investment funds, in which the Fund may invest, which are subject to short and mid-term fluctuations, volatility of the Unit price. As such, this may negatively affect the performance of the Fund and thus may have a negative impact on the Fund's NAV and the Unit price.
9. **Economic Risk:** The capital markets are affected by both global economic factors as well as regional economic factors. As such, capital markets decline during economic recessions, which could lead to the decline of the Fund NAV. In particular, the GCC economy is heavily dependent on oil prices and revenues, and is therefore subject to fluctuations in oil prices. As such, this may have an effect on government spending and could therefore affect the local and regional economy, which could as a result negatively affect the Fund's performance and its NAV and the Unit price. This risk also relates to the possibility of losses resulting from the collapse of a financial system that has negative effects on global or local economies and may adversely affect the performance of the Fund and may therefore have a negative impact on the Fund's NAV and the Unit price.
10. **Credit Risk:** The Fund Manager may invest with banking counterparties in money market and fixed income transactions, and there is a possibility that the borrower or counterparty to these transactions will be unable to pay or settle its obligations in a timely manner or may not even pay entirely, which may lead to a significant decline in the value of the Fund's net asset value, this may negatively affect the fund's performance and may therefore have a negative impact on the net asset value of the fund and the unit price.
11. **Dealing with Third Parties Risk:** The Fund may enter into transactions with third parties who may be unable to fulfill their contractual obligations under such transactions, which as a result could have a negative effect on the Fund's overall performance and its NAV and the Unit price.
12. **Operational Risk:** Operational risk is defined as risks resulting from inadequate or failed processes related to people, systems and external events including legal risks. It arises from potential disruptions of processes associated with the delivery of products or services to customers. As such, if any such event occurred, this may result in a negative impact on the Fund's performance and its NAV and Unit price.
13. **Sukuk Risk:** The Fund may invest in sukuk which are equivalent to senior unsecured debt instruments. As such, the investor may be exposed to capital risk if a credit event is encountered with the primary issuer. These sukuk can be denominated in SAR and/or USD. As such, this could have a negative effect on the Fund's NAV and Unit price.
14. **Risk of investing in Securities, Money Markets, Debt Instruments, Fixed Income, and Structured Products:** The Fund invests in financial instruments issued with different conditions, pay-outs and different levels of risk linked to the performance of an asset, indices or bundle of assets and indices. There are some risks associated with these investments, and these risks include the following:
15. **Credit Rating Risks:** Any change in the downgrading of the credit rating by credit rating agencies in the ratings of the issuer/issuer of fixed income instruments or the counterparty may negatively affect the value of investments, and the net asset value of the fund and the prices of the fund's units may

decrease as a result of the decline in the value of those investment instruments owned by the fund that are downgraded.

16. **Risks of investing in financial instruments with a credit rating below high quality:** Investing in financial instruments with a credit rating below high quality involves relatively higher risks than investing in instruments with a high-quality rating, as this may mean increasing the possibility of the issuer's inability to pay its financial obligations, and if this happens, the value of the fund's assets and the prices of its units will decrease.
17. **Risks of investing in unrated instruments:** Unitholders bear the risks resulting from investing in financial instruments that are not credit rated, which the Fund may invest in based on internal study and analysis by the Fund Manager, as the financial and credit weakness of the issuers of these instruments may reduce the value of the Fund's net assets and Unit prices.
18. **Risks of Reliance on Internal Rating for Money Market and Fixed Income Instruments:** Unitholders bear the risks related to investing in money market and fixed income instruments that are not credit-rated and in which the Fund invests based on research and analysis, then evaluation and internal credit classification carried out by the Fund Manager. As any weakness in the financial position of issuers of fixed income instruments may lead to a reduction in the value of the fund's net asset value, which will negatively affect Unit prices.
19. **Risks of Asset-Backed Securities:** Investing in asset-backed securities involves credit risks and risks of non-payment or early repayment risks, in addition to the fact that these securities may be concentrated in specific asset classes with negative performance, which may negatively affect the fund's performance and Unit prices.
20. **Risks of Sukuk-linked Certificates:** Sukuk-linked Certificates may not achieve the expected return as their performance depends entirely on the performance of the assets representing Sukuk index, performance of such assets may fluctuate based on the length of the maturity date. Besides, these certificates are difficult to liquidate. This may adversely affect the Fund's performance and Unit prices.
21. **Risks of investing in financial derivatives for the purpose of hedging:** Although the Fund may invest in financial derivatives for the purpose of currency hedging, this does not guarantee the Fund Manager's ability to protect the Fund's assets from the risks of currency fluctuation, which may lead to the Fund's loss and a decrease in the NAV and unit price result from the ineffectiveness of investing in financial derivatives.
22. **Transfer Restrictions:** transfer restrictions are applied to offering, sale and transfer of structured products in different countries. A holder of investment certificate does not have equivalent rights (e.g. right to recourse the invested amount in case of failure) entertained by the direct owner of the investment. As such, this could have a negative effect on the Fund's NAV and Unit price.
23. **Basic credit risk of the issuer or guarantor (if any):** Money market and fixed income instruments are exposed to credit risks associated with the issuer, guarantor or the collateralized assets (if any), Meaning, the inability of the concerned issuer or guarantor (if any) to fulfil payments or obligations related to that instrument. The client relies on the creditworthiness of that source, as the case may be, or the guarantor and the assets pledged for the guarantee fee and not any other party. Credit ratings are subject to downgrade. The client may not receive any return and/or lose the principal amount or part of it in the event of the insolvency of the issuer and/or guarantor or failure to perform his obligations related to the product.
24. **Basic credit risk of a reference entity:** fixed income structured products are exposed to basic credit risks related to a reference entity in the event of occurrence of a risk incident such as failure to pay, loan restructuring, non-payment of restructuring, bankruptcy, and repudiation (as in the case in financial solvency risks). Furthermore, financial instruments may be recovered at less than their face value or in severe case may lose their value completely, without having the agents to pay more profits. There will be circulating agents whose responsibility is to announce any developments relating to credit conditions in which may cause a decline in the value of a financial instrument or loss of its entire value. As such, this could have a negative effect on the Fund's NAV and Unit price.
25. **Market risk:** market value for fixed income instruments and investment funds may move up or down in the market depending on the movement of interest rates, the performance of priority reference entities and/or indices, the financial condition of the issuer/guarantor/assets pledged as collateral, credit rating or perceived eligibility in the market and other factors. Holding product is not the same as holding

priority assets. Therefore, the market value of the product may be affected by factors other than those related to the securities or priority assets and may therefore have a negative impact on the Fund's NAV and Unit price.

26. **Liquidity risk:** liquidity refers to how quickly and easy it is to sell an asset and transfer it to cash. Some of the debt instruments or investment funds may be less liquid than other instruments which means they cannot be sold as quickly or easily. In addition, some of the debt instruments or investment funds may be difficult to liquidate for the lack of a secondary market or because of legal restrictions or restrictions relating to the type of investment or relating to the fact that there are no buyers interested in this type of asset. As such, this could have a negative effect on the Fund's performance and consequently the Fund's NAV.
27. **Interest rate risk:** changes in monetary policy and interest rate fluctuations may affect currency prices and capital markets generally which may have a negative effect on the Fund's performance and consequently the Fund's NAV and Unit price.
28. **Currency risk:** The Fund may trade in securities that are not denominated in the principal currency of the Fund and as such will be subject to currency risks. Fluctuations in exchange rates may lead to increases or decreases in the Unit price which may have a negative effect on the Fund's NAV and Unit price.
29. **Shariah-compliance related risk:** The Fund invests mainly in Shariah compliant securities, and therefore a risk arises when any of the companies in whose securities the Fund has invested become non-compliant with certain provisions of Shariah. In such case, the Fund may be forced to sell such securities at a low price or in case of missing a better performance opportunity for those non-shariah compliant assets. This would affect the performance of the Fund, and in turn, have a negative impact on the net asset value in the Fund as well as the Unit price.
30. **Risks of Price Fluctuations:** The general movement in the local and international capital markets, real estate markets, prevailing and expected economic conditions, profit rates, financing costs, investor confidence and general economic conditions may adversely affect the Units' market price, the Fund's performance and net asset value. Units' market is subject to fluctuations and the lack of liquidity could have a negative impact on the Units' market value. Accordingly, purchase of such Units is only suitable for investors who can bear the risks associated with such investments.
31. **Technical Risks:** The Fund Manager technically manages the Fund. However, his information systems may be hacked or attacked by viruses, or may be partially or fully disrupted in a manner limiting the Fund Manager's ability to effectively manage the Fund's investments. This would adversely affect the Fund's performance, net asset value of the Fund and the Unit price, which in turn would affect unit holders of the Fund.
32. **Concentration Risks:** Risks of investments concentration in a specific investment entity or a specific country. Such risks are occurred upon lack of diversity, which may have a negative impact on the Fund's performance.
33. **Custody Risks:** These risks relate to losses incurred on securities held with the custodian or sub-custodian as a result of certain acts committed by him or the custodian's failure (such as: negligence, misuse of assets, fraud, mismanagement or inadequate record keeping). This would also affect the performance of the Fund, and in turn, have a negative impact on the net asset value in the Fund as well as the Unit price.
34. **Risks of Organizational Changes:** The information contained in the present information note is based on existing and declared legislations. The laws applicable in the Kingdom, including the laws relating to taxes or Zakat during the term of the Fund, may be amended in a manner that may affect the Fund and its investments or the investors and may adversely affect the Fund's performance. Therefore, such amendments may have a negative impact on the net asset value of the Fund and Unit price.
35. **Political Risks:** The Fund may be directly or indirectly affected by political and economic developments in neighbouring regions, as these may affect all economic and development activities, including the Fund's activities. Any impact on the Fund's investments will have a direct impact on the returns generated to the Unit holders, and may therefore have a negative impact on the net asset value of the Fund.
36. **Risks of Unit Price Fluctuations:** Interest rate risks are the risks in which sukuk prices and other fixed income securities prices rise whenever the interest rates fall, and fall whenever the interest rates rise,

resulting in fluctuations in the unit price. This would affect the performance of the Fund, and in turn, have a negative impact on the net asset value in the Fund as well as the Unit price

- 37. Zakat and Tax Risks:** Investing in the Fund may result in tax obligations including zakat. These taxes may apply to the Fund and its investments or to the Unitholder. The Authority of Zakat, Tax and Customs of the Kingdom of Saudi Arabia or any other authority may impose taxes on investment funds leading to reduction of the Fund's NAV and Unit price.

5) Mechanism for Assessing Risks

The fund manager acknowledges the existence of an internal risk assessment mechanism for the Fund's assets.

6) Targeted Class for Investing in the Fund

The Fund is suitable for an investor who seeks capital appreciation in the medium and long term with relatively moderate risks.

7) Investment Restrictions / Limitations

The Fund Manager shall abide by the limits and restrictions of the Investment Fund Regulations and the Fund's Terms and Conditions.

8) Currency

The currency of the Fund is SAR. If payment for the Units is made in another currency, it shall be converted to SAR by the Fund Manager on the basis of prevailing market exchange rates available to the Fund Manager, and the purchase of the Units shall be effective as from the date the relevant amount in SAR is received by the Fund Manager. The Investor assumes currency conversion expenses.

9) Fees, Charges and Expenses

a. Details on all payments from the assets of the investment fund, and the method for calculating them

- **Management Fees:** The Fund Manager will charge a management fees of 0.75% per annum of the Fund's net assets which shall be paid to the Fund Manager after deducting accrued expenses and liabilities. In the event that the fund manager wishes to invest in other funds managed by SNB Capital Company, the management fees of the other fund to be invested in will be waived or the deducted fees will be repaid in full in favor of the fund to avoid duplication of fees. The investment management fee is subject to VAT in accordance with VAT Regulations. The fund manager reserves the right to waive part or all of the above-mentioned management fees at any time at its absolute discretion, provided that all unitholders of all categories enjoy equal rights and are treated equally by the fund manager.
- **Shariah Compliant Financing Charges:** According to prevailing market prices.
- **Dealing (Brokerage) fees and charges:** According to prevailing market prices. These fees are subject to VAT in accordance with VAT Regulations.
- **Custody Fees:** 0.0075% per annum of the total assets held by the Custodian. Transaction fees (SAR): SAR 56.25 per transaction. These fees will be subject to VAT in accordance with VAT Regulations.
- **Auditor's Fees:** SAR 35,000 per annum, which is a fixed sum deducted from the total assets of the Fund as per the contract with the auditor. These fees will be subject to VAT in accordance with VAT Regulations.
- **Capital Market Authority Fees:** SAR 7,500 per annum, which is a fixed sum deducted from the total assets of the Fund as per the fees prescribed by the CMA.
- **Publishing Fund's Information on Tadawul Website Fees:** SAR 5,000 per annum, which is a fixed sum deducted from the total assets of the Fund as per the fees prescribed by Tadawul. These fees will be subject to VAT in accordance with VAT Regulations.

- **Shariah Committee Services Fees:** SAR 27,000 annually calculated on each Valuation Day and deducted semi-annually.
- **Remuneration of the Independent Fund's Board Members:** Independent directors collectively receive an amount of SAR 80,000 annually divided by the number of public funds which are Shariah-compliant managed by the Fund Manager and supervised by the Fund's Board of Directors. The fees shall be allocated based on the percentage of the NAV against the net asset value of the other Shariah-compliant funds.
- **Other Fees and Expenses, includes:**
 1. Data processing and operations expenses of the Fund: includes the expenses of the administrative affairs of the Fund and the programs used in the processing of data. It is charged to the fund on a daily basis based on the size of the NAV for all funds. The fund manager reviews these expenses on a quarterly basis, and any differences are adjusted and reflected in the estimation of the next quarter's expenses.
 2. Tax Advisor fees and any other tax-related fees.
 3. Expenses relating to unitholder meetings, report printing expenses, index calculation services, out of pocket expenses and others.

These fees and expenses are not expected to exceed 0.5% of the NAV, and shall be calculated on each Valuation Day. This limit (i.e. 0.5% of the NAV) also covers fees and expenses payable by the Fund (including fees and expenses above) other than management, custody, dealing and borrowing fees and expenses.

All fees, charges, commissions and expenses payable to SNB Capital and other service providers will be subject to the VAT, which the Fund shall separately pay to the Fund Manager, according to rates set by the VAT Law.

d. Details on charges imposed for subscription, redemption and ownership transfer

- No fees will be imposed on subscriptions or transfers of units in the Fund to another investment fund managed by the Fund Manager.
- Redemption fees:** A redemption fee of 0.10% of the value of the redeemed amount will be charged upon redemption within 30 business days, and the fund manager has the right to waive this in cases he deems appropriate.

e. Fund Manager policy on rebates and special commissions

Not Applicable.

f. Information regarding Tax and/or Zakat

The Fund is subject to Zakat Collection Rules issued by the Zakat, Tax and Customs Authority. Value Added Tax ("VAT") is applied to the Fund in accordance with the relevant laws and regulations. The Fund does not pay Zakat on behalf of the unitholders.

g. Special commission concluded by the Fund Manager

Subject to the Investment Funds Regulations and the Capital Market Institutions Regulations, the Fund Manager may enter into special commission arrangements. Any goods or services received by the Fund Manager under a special commission arrangement must be limited to such goods and services which are related to the execution of transactions on behalf of the Fund or the provision of research for the benefit of the Fund. The Fund Manager is prohibited from obtaining direct cash under a special commission or any other arrangement.

h. Hypothetical example illustrating all fees, charges paid from The Fund's Assets or unitholders based on the currency of the fund

Please refer to sub-paragraph (c) from paragraph (9) of these terms and conditions.

10) Valuation and Pricing

a. Valuation of Fund Assets

Valuation is conducted on the basis of the currency and all the assets in the portfolio of the Fund less the Fund's liabilities at that time. The valuation method depends on the type of the asset as follows:

- the value of the Fund assets invested in Money Market Instruments (Murabaha) will be determined on the basis of the deposited amount in addition to profit due and accrued up to the relevant Valuation Day;

2. The book value is used in addition to the accumulated profits for fixed income instruments;
3. As for the purposes of evaluating instruments listed or traded in any regulated financial market or on an automated pricing system, the closing price in that market or system will be used. However, if the conditions of that market or that system do not allow this method, the fund manager may use the book value or the initial price if the deal was completed during the initial offerings, in addition to the accumulated profits;
4. If the fund invest in other investment fund will be determined on the basis of the last announced unit price for valuation purposes.
5. For any other investment, the Fund Manager depends on the fair value that is determined by the Fund Manager based on the methods and rules approved by the custodian and after verification by the fund's auditor.

b. Frequency of valuation and number of valuation points

The Fund's units shall be valued on each Business Day in the Kingdom after 4:30 pm, Saudi Arabia time. If Tadawul is closed during any Valuation Day or the Valuation Day falls on a holiday, the Valuation Day shall be the day following the day on which Tadawul is open for business or the first Business Day after the holiday. In case that valuation is not possible on the valuation day, the fund operator will carry out the valuation on the next business day at the same value of the Fund's assets on the day on which the valuation was not possible.

c. Actions to be taken in case of mis-valuation or mis-pricing

In the event of incorrect valuation or mispricing of any asset of the Fund or in case of calculations errors to the unit price, the Fund Manager and Operator shall:

- Record each instance where an asset of the public fund is valued incorrectly or the price of a unit is calculated incorrectly.
- Compensate all harmed unitholders (including former unitholders) as soon as reasonably practicable for all valuation or pricing errors.
- Immediately report to the Authority any valuation or pricing error of (0.5%) or more of the price of a unit and disclose it immediately on its website and any other website available to the public according to the controls set out by the Authority and in the public fund's reports prepared in accordance to articles (76) of Investment Funds Regulations.
- The fund manager, in its reports to the Authority pursuant to Article (77) of Investment Funds Regulations., must provide a summary of all valuation and pricing errors.

d. Method for calculating the unit price

The Fund Manager shall calculate the value of the Unit price for the purpose of processing requests to subscribe in, redeem and transfer Units from one fund to another and from the Unitholder to its Relative by subtracting liabilities due from the total assets value of the Fund, including, without limitation, the fees and expenses specified in these Terms and Conditions. The Unit price shall be determined by dividing the NAV by the total number of Units outstanding on the relevant Dealing Day. The Unit price shall be expressed to include at least four decimal points.

e. The publication time and place of the unit price, and its frequency

The net asset value of each unit shall be announced on the day following the relevant dealing Day on the Fund Manager's website: www.alahlicapital.com and on Tadawul website: www.Tadawul.com.sa and any other website available to the public according to the controls set out by the Authority.

11) Dealings

a. Details of the initial offer and unit price

The initial offering date is 13/11/1986G and the initial price of the unit is SAR 10.

b. Date and deadline for submission of requests for subscription, redemption and the responsibilities of the fund manager and operator in relation to these requests

- **Fund Manager and Operator responsibilities in relation to subscriptions and redemption requests:**

- Units may only be subscribed for or redeemed on a Dealing Day.
- A request to transfer a Unitholder's investment from one fund to another or from a Unitholder to a Relative may only be processed on a Dealing Day.
- The Fund Manager and Operator shall process subscription, redemption and transfer requests at the price to be calculated on the valuation point following the deadline for the submission of subscription, redemption and transfer requests.
- The execution of subscription, redemption and transfer requests shall be in accordance with the Investment Funds Regulations, and these Terms and Conditions.

- **Subscriptions requests:**

The deadline for the submission of subscription requests is 12:00 pm. If the subscription is submitted after the specified deadline, it will be processed on the next dealing day.

- **Redemption requests:**

The deadline for the submission of redemption requests is 12:00 pm. If the redemption is submitted after the specified deadline, it will be processed on the next dealing day.

c. Subscription, redemption and ownership transfer procedures and the period between request for redemption and payment of redemption proceeds

- **Subscription procedures:**

- Investors who are interested in purchasing Units should complete and submit to the Fund Manager the relevant subscription request/form through Fund Manager's investment centres or subscribe through other channels such as phone services, online system and applications. Unitholders are required to accept the Terms and Conditions and submit required documents or information to the satisfaction of Fund Manager. The subscription amount will be debited from the investors' account.
- Subscription in the Fund shall be through the purchase of Units based on the Unit price as determined on the relevant Dealing Day, as defined in these Terms and Conditions.
- The Fund Manager may, at its sole discretion, refuse the subscription application of any person to become a Unitholder, or if such subscription, among other things, violates any applicable law or regulation.

- **Redemption procedures:**

- Unitholders who would like to redeem their Units should complete and submit to the Fund Manager the relevant redemption form (which may be obtained from the Fund Manager investment centres) and any other required documents or information, as may be requested by the Fund Manager. Furthermore, a subscription request may also be submitted through other channels such as SNB Capital phone services, online system and applications.
- If the redemption request, at the time of its receipt, would result in a decrease in the Unitholder's investment to less than the minimum initial subscription amount, the amounts invested by such Unitholder in the Fund will be redeemed in full and transferred to the Unitholder's account without prior notice.

- **The period between the redemption request and the payment of redemption proceeds:**
The redemption amount shall be paid within a period of five Business Days after the Dealing Day on which the redemption was made, and the value of the units redeemed must not be less than the minimum value of the redemption.
- **Transfers between two funds:**
 - Unitholders may request that their investment in the Fund (or any part thereof) be transferred to another fund managed by the Fund Manager or that their ownership in the Units be transferred to any one of their Relatives, by submitting a transfer request to the Fund Manager, together with all required supporting documents, as determined by the Fund Manager. In such case, the transfer request shall be treated as a redemption request from the Fund and subscription in the second fund pursuant to the terms and conditions and of the relevant fund. Accordingly, redemption fees will be applied in accordance with paragraph 9 (d) of these Terms and Conditions.
 - If the transfer request would result in a decrease in the Unitholder's investment to less than the minimum initial subscription amount, the Fund Manager may treat such request as a full transfer of the unitholder's investment to the other fund. In all cases, the transfer request will be processed in accordance with the Fund Manager's procedures in this regard.
 - If a Unitholder submits a request to transfer part or all of his investment from the Fund to another fund managed by the Fund Manager at a time where subscription to that other investment fund or valuation of its assets is suspended, the net proceeds of the redemption in the first fund will be retained for the benefit of the Unitholder and the subscription procedures in the other fund (to which the investment will be transferred) will resume on the Fund's first trading day after the suspension is lifted based on the last unit price declared for such fund.
 - The Fund Manager shall not be liable for any claims or demands of any kind in connection with any lost opportunity or actual loss that may be incurred by a Unitholder.

d. Restrictions on dealing in units of the fund

The Fund Manager and Fund Operator shall comply with the provisions of the Investment Funds Regulations and with these Terms and Conditions.

e. Circumstances in which dealing in units may be deferred or suspended, and the procedures followed in those cases

- **Deferring redemption request:**
In the event that the total number of redemptions requests, on any Dealing Day, amount to 10% or more of the Fund's NAV, the Fund Manager may, at its own discretion, postpone all or part of any redemption request to the following Dealing Day. In this case, the Fund Manager will apply fair procedures when choosing the redemption requests that will be postponed and will process redemption requests on a pro rata basis, always considering the 10% limit, which shall only be applied during periods in which redemption requests impose restrictions on liquidity, which may be negatively affect the remaining Unitholders. The execution of all or part of the redemption requests may be delayed if the transaction is suspended in one of the financial markets in which the Fund invests, either in general or in relation to assets of the Fund which the Fund Manager reasonably believes to be material to the Fund's NAV.
- **The Fund Manager suspends dealing in the fund's units in the following cases:**
 - The fund manager must suspend the subscription and redemption of units if the Authority orders any such suspension.
 - If the fund manager reasonably believes that any such suspension is in the best interests of the unitholders in the fund.
 - If there has been a suspension of dealing on the principal market in which the securities or other assets held by the fund are dealt, either in general or in relation to assets of the fund which the fund manager reasonably believes to be material to the net asset value of the public fund.

- **Procedures to be taken by the Fund Manager in case of suspension of dealing in the fund's units:**
 - Ensure that any suspension continues only for as long as it is necessary and justified having regard to the best interests of the unitholders.
 - Review the suspension on a regular basis and shall consult with the fund's board of directors, the custodian and the fund operator on a regular basis regarding that.
 - Notify both the Authority and the unitholders immediately of any suspension, and give the reasons for the suspension, and shall similarly notify both the Authority and the unitholders as soon as the suspension ends and disclose it on its website and any other website available to the public according to the controls set out by the Authority.
 - The Authority shall have the power to lift such suspension if the Authority believes that to do so is in the best interests of unitholders.
- f. **Procedures of selecting redemption requests to be deferred**

In the event redemption requests are deferred, the Fund Manager will apply fair procedures when choosing the redemption requests that will be postponed and will process redemption requests which have been postponed on a pro rata basis, and will prioritize redemption requests which have been postponed over new redemption requests always taking into account the 10% limit of the Fund's NAV on the relevant Dealing Day.
- g. **Provisions governing the transfer the ownership of units to other investors**

Unitholders may transfer the ownership of their Units in the Fund to any one of their Relatives. The transfer of Unit ownership will be allowed where the Units are part of the inheritance of a deceased Unitholder which must be distributed amongst its heirs in accordance with applicable laws and regulations. Moreover, transfer of Unit ownership will also be allowed in situations involving the execution of pledge or collateral agreements where the Unitholder has pledged its Units under such agreements as collateral.
- h. **Minimum ownership**
 - Minimum Subscription: SAR 5,000
 - Minimum Additional Subscription: SAR 1,000.
 - The Minimum Subscription and the Additional Subscription through the Individual Savings Program (ISP): SAR 100.
 - Minimum Redemption: SAR 1,000.
 - Minimum Ownership: SAR 1,000.
- i. **The minimum amount that the Fund Manager intends to raise, and the actions to be taken in case of not reaching that minimum**

Not Applicable.

12) Distribution Policy

The Fund will not make any distributions to unitholders. Instead, capital gains and cash dividends will be reinvested in the Fund which will be reflected in and improve the value and units of the Fund.

13) Reporting to Unitholders

- a. **Information related to the financial reports**
 - The fund manager must publish the quarter statement in accordance with the requirements of Annex (4) of the Investment Funds Regulations within a period not exceeding (10) days from the end of such quarter, in such locations and by such means as specified in the Fund's Terms and Conditions as well as on the fund manager's website and the Exchange's website or any other website available to the public according to the controls set out by the Authority. Also, it must be provided to unitholders on request and without charge.

- The interim financial statements must be prepared and made available to the public within a period not exceeding (30) days from the end of the period to which the statements relate in such locations and by such means as specified in the Terms and Conditions, as well as in the fund manager website and the Exchange's website or any other website available to the public according to the controls set out by the Authority.
